

Strategic Planning

The district has contracted with the Great Schools Partnership (www.greatschoolspartnership.org) to guide us through the Strategic Planning process. The Partnership is located in Portland and comprised of experienced educators and consultants who have worked with schools throughout the country to help them develop a vision for improvement. Aside from their experience in schools, one of the greatest reasons for hiring the Partnership is their focus on involving the community in identifying the district's priorities and developing its mission statement. We anticipate there will be several chances for interested community members to be part of this process, and we encourage you to access our website periodically to stay apprised of those opportunities.
